### DETAILS

The Bonanza mine to this day, is still pumping out GOLD but many years ago, José Cavadore (a hapless Spanish pirate in a previous life) became one of the most successful miners in Mt Cashmore! Not getting any younger, he decided to pack a mule and take a trip down Mexico way. He soon found a purpose for all his gems and set about crafting magnificent jewellery from the precious stones. At the same time, he also developed a strong desire for the very rare Purple Conquistador (a HOT Chilli so rare it's worth its weight in GOLD). You can find him to this day around the old Mexican markets hawking his fine wares, in exchange for this HOT chilli delight!

- Megaways
- Dual Reactions

The Free spin gamble allows the player to turn up the heat on their free spins. The player can gamble to win up to 2x free spins! With free spins locked in on the penultimate gamble. This initial gamble is a straight 50/50 and every gamble thereafter is tilted 60/40 in the players favour!
